Subject: AWQMS Data needs
Attachments: SRST WQS regs.pdf

Good morning Holly,

Kylee is the newly hired Hydro Tech for the 106 program. She needs an AWQMS 101, and thank you for allowing her to be on the AWQMS Demo today.

The data needs on AWQMS:

1. Thresholds be entered into AWQMS
 - a. Does Goldsystems have thresholds available for Tribes?
 - b. Tribal Water Quality Standards (attached) can be entered as Thresholds
 - c. Federal WQ Standards
2. Run exceedance reports against thresholds

HAPPY CHRISTMAS!!!!
